Be a bright spark!

Colour in this picture and write the number of the electrical safety rule in the box next to the part of the picture you think it refers to.

Electrical Safety Rules

- **1.** Never touch electrical appliances with wet hands
- **2.** Never use appliances with a damaged plug or frayed cord
- **3.** Never overload sockets with too many plugs
- 4. Watch out for electric wires!
- **5.** Never poke anything in electrical sockets or appliances
